# Holiday Gift Guide for Equestrian Tech Lovers

Finding the perfect gift for the equestrians in your life can be hard – especially as the holidays are rapidly approaching. Fortunately, if any of the equestrians on your list (alright, or you!) love technology even remotely as much as they love horses, we may have just the solution!

## For the Rider Who Loves His or Her FitBit

Try a Hylofit! Hylofit is a wireless heart rate monitor for horse and rider that uses zone training to set fitness goals, track performance, and prevent injury. [Shop here.](#)

## For Your Favorite Show Jumper, Show Barn Manager, or Show Jumping Super Fan

Give the gift of a Jumpfax subscription! The Jumpfax app allows riders to plan their season, access practical show information and key contacts, find start lists and results, and much more.

Shop subscription options starting at only \$5/month [here.](#)

## For Your Barn Manager (or You!)

We may be a bit biased, but of course we can't make this list without including BarnManager. BarnManager is the official barn management software of U.S. Equestrian, and gifting your barn manager a subscription may just make you their new best friend! Subscriptions start at less than \$10/month. [Click here to explore the options!](#)
