

## Palm Beach Equine Clinic Serves as Official Veterinarians of Winter Equestrian Festival and Adequan Global Dressage Festival

For more than four decades, Palm Beach Equine Clinic (PBEC) has been at the heart of South Florida's equestrian community, providing exceptional veterinary care to horses competing at the highest levels. As the Official Veterinarians of the Winter Equestrian Festival (WEF), Global Dressage Festival, and National Polo Center, PBEC ensures every horse has access to world-class expertise — whether for routine health papers, emergency services, advanced imaging, surgery, or second opinions in collaboration with referring veterinarians. At WEF, PBEC veterinarians are on-site daily throughout the circuit to oversee competing horses and help with any needs at their satellite location next to the Stabling Office.

### Comprehensive Expertise, All Under One Roof

PBEC's team of more than 30 veterinarians represents one of the most comprehensive collections of equine medical knowledge in the region. Their specialties span internal medicine, emergency care, reproduction and fertility, regenerative medicine, podiatry, dentistry, and alternative therapies such as equine medical manipulation and acupuncture. This breadth of expertise allows PBEC to think outside the box when it comes to both prevention and treatment, keeping sport horses sound and competitive.

### Cutting-Edge Imaging and Technology

One of PBEC's standout features is its unmatched diagnostic imaging capabilities, anchored by South Florida's only Canon Aquilion LB Exceed CT scanner. Unlike traditional CT machines, this advanced system moves around the patient, elevating to scan the head and neck or lowering to image the limbs of a standing horse. This level of precision gives veterinarians crucial information to make timely, accurate diagnoses — often guiding successful treatment or surgery.

*"As the official veterinarians for WEF and GDF, we take great pride in being available 24/7 to care for any equine in the Wellington area," said PBEC President Dr. Scott Swerdrin. "The standards we set for ourselves — and the level of talent within our team — are second to none. We're proud to provide top-level care to horses and riders who come here from around the world."*

### Trusted by Horse Owners

PBEC's commitment to excellence has earned the trust of riders, trainers, and owners across disciplines. Hear from some of their clients, who share glowing testimonials about the clinic's expertise and care:

*"Dr. Weston Davis and his team saved my horse's life. He is a five-star surgeon; my horse was really lucky to have Dr. Davis and is alive because of him. I will always be grateful to Palm Beach Equine Clinic and have so much gratitude toward them."*

*"We have had two overnight stays at Palm Beach Equine Clinic: one planned for Kissing Spine surgery and one unplanned for a major colic. The colic was due to a nephrosplenic entrapment and was resolved without surgery. Everyone from the vets, to the techs, to the office staff was always well trained, talented, and kind to both my horse and me. Highly recommend, over and over."*

*Veterinarian referrals are welcome at PBEC, and more than 30 veterinarians with a wide breadth of experience are on hand to help your horse. Photo by [Flaxen Mane Media](#)*

### A Vital Part of Your Horse's Team

Whether your horse is a seasoned grand prix champion, a young horse on the rise, or a beloved family pet, Palm Beach Equine Clinic wants to be part of your team, offering the expertise, technology, and compassionate care needed to keep horses healthy and performing at their best. Trusted by top equestrian athletes from around the world, PBEC remains the gold standard in equine veterinary medicine.
